PROFESSIONAL EXPERIENCE

Oceansmall Company Limited — React & Flutter Developer

May 2024 – Oct 2025

- Designed and developed a 7-page responsive company website using React.js, HTML, and CSS, strengthening the company's online presence and client engagement.
- Contributed to a centralized dashboard system used to manage multiple mobile applications (Client, Agent, Rider), improving operational efficiency by 25%.

- Built cross-platform features with React and Flutter, ensuring consistent functionality across web and mobile platforms.
- Integrated RESTful APIs to enable real-time inventory and operational data, reducing manual errors and improving data accuracy.
- Collaborated with cross-functional teams to translate business requirements into scalable technical solutions.

Keystone Computer Solution — Software Engineer (Web)

Jan 2023 – Jul 2023

- Collaborated with backend developers to build enterprise web applications using C#, ASP.NET MVC, and SQL Server.
- Assisted with client onboarding and technical support, improving software adoption and usability.
- Maintained and updated company websites, implementing SEO best practices to improve visibility and user engagement.
- Supported product marketing efforts by ensuring technical features met user needs.

Amalitech Services GmbH — Graduate Trainee, Frontend Engineer

Feb 2022 – Sep 2022

- Completed a structured Frontend Engineering training program, gaining hands-on experience with React, Redux, JavaScript, HTML, CSS, and Bootstrap.
- Developed responsive, cross-browser web applications, focusing on performance and usability.
- Collaborated with backend and UI/UX trainees in agile teams to deliver a production-ready web application.
- Co-led the development of a Visitor Management System (Vilog), digitizing visitor registration and tracking and reducing manual processing time.

Mataheko D/A Basic School — ICT Tutor

Oct 2020 – Aug 2021

- Delivered ICT instruction to primary and junior high students, improving digital literacy and foundational computing skills.
- Supported the development and management of student results software, improving efficiency and accuracy in academic records.
- Provided academic and technical support to students to enhance learning outcomes.
